Special Instructions:

Make Your Event Special

No matter if it's a family reunion for 10 or a corporate event for 2,000, we have the experience you can rely on and the food quality you will be proud to serve. Even to your grandmother or your chairman of the board. We have something for everyone and a price range to fit most any budget.

For over 25 years we have kept to the classic Italian recipes that Alba brought to America from Italy.

Being family owned and operated we make our food the same way that we serve our own families. Slow simmered sauces, brick oven baked breads, and homemade salad dressings we make them all fresh daily and freeze nothing. Be assured you will be serving your guests "real food" homemade style. Once you taste it you will know why we win so many awards and have so many great references.

You may order off of this menu or our restaurant menu. If you do not see an item that you would like please ask and we can usually accommodate you. Our on site service can provide simple drop off service all the way through professional food servers and clean-up. We also have private party rooms in our stores that can accommodate up to 80 guests.

Flexible, professional, and reliable, - you can count on us to make your event special.

Please try to allow 5 day advanced notice but try us anyway for last minute service.

5/1/11 Prices subject to change Please check register prices.
